

REQUEST FOR
COMMISSIONING SERVICES

For

Peter Bryce Main Building
Stabilization and Fit-out

UA Project No. 415-14-172

The University of Alabama (UA) is soliciting proposals for qualifications for Commissioning services for a major renovation to Peter Bryce Main Building Stabilization and Fit-out project located on campus. The Commissioning Firm needs to have commissioning expertise in office, theater, and museum gallery spaces. The Commissioning Firm will be responsible for providing Commissioning Services for this new facility during the Design, Construction, Acceptance and Post Acceptance Phases of the project. All interested firms should contact Mr. Dwight Stewart, Mechanical Engineer, The University of Alabama, Voice 205-348-1910, Email: dfstewart@ua.edu for additional information and response requirements. All proposal responses are due at the UA Facilities Administration Building (1205 14th Street, Tuscaloosa, AL 35401) by **5:00 pm local time on Thursday, June 18, 2020.**
